No Neck

Delusions of Grandeur  
Short Tempered  
Short Attention Span  
Blows Bubbles  
Noisy  
No Thumbs

**Equipment :**

Goldfish Bowl/Exoskeleton with built in DIOP

**Background :**

Brought onto the Spaceship Zero by the chief scientist, Bill is the result of a SpaceCorp test flight exploring the effects of Zero Gravity on Aquatic creatures. When Bill was bombarded with cosmic rays, he had his mental capacity increased by 5000 percent. After reading all of Einstein & Hawking, he turned his mind to Engineering.

Alas, with his increased brain power came delusions, and a world domination complex.
